CURRENT EXPENSE FUND

REVENUES

The Current Expense Fund, also known as the General Fund, supports the general governmental functions of the City. Those functions include Finance, Police, Fire, Legal, Building & Planning and Parks. Current Expense can also help support any other function of the City, including Utilities, although the reverse is not the case.

Current Expense revenues come from many sources, including: property taxes, business taxes, gambling taxes, licenses & permits, state entitlements such as liquor taxes, intergovernmental services, court revenue, grants and other miscellaneous revenue. Since the latest recession, tax revenue has grown more slowly, when compared with pre-recession years.

There must be adequate carryover at the beginning of the year (Beginning Fund Balance) to operate until sufficient revenues are collected. A common recommended level of Fund Balance is three months of operating expenses, or about \$1,120,000. The following chart shows the six-year trend for beginning balance. The beginning balance showed a trend of steady declines each year, with the exception of 2015. The 2015 beginning balance was significantly higher due to approximately \$200,000 in budgeted dispatch costs that were not paid in 2014. The City has had steady growth since 2016 primarily due to increase in sales tax revenue. The 2019 estimate reflects the revenue increase; however expenditures have also risen for 2019. The anticipated ending balance for 2019 is \$743,019.

YEAR	2014	2015	2016	2017	2018	2019
BEG BAL	\$847,776	\$1,234,042	\$1,062,359	\$1,046,381	\$1,137,829	\$1,443,184

A comparison of revenues to expenditures shows that City revenues exceeded our expenditures each year until 2015 when expenditures just exceeded revenues by about \$50,000. In 2018, the expenditures were projected to exceed revenues, and in 2019 it is anticipated that expenditures will outpace revenues by \$478,275. The following chart chronicles that path. While revenues may come in higher than projected and expenditures may come in lower than budgeted by year end, we should position our budget for unanticipated emergencies or expenses.

COMPARISON OF REVENUES VS. EXPENDITURES WITHOUT CAPITAL OUTLAY

YEAR	2014	2015	2016	2017	2018	2019
REVENUE	\$3,722,280	\$3,655,590	\$3,726,105	\$3,830,176	\$3,796,700	\$ 3,727,087
EXPENDITURES	\$3,324,991	\$3,698,857	\$3,573,890	\$3,530,967	\$4,028,480	\$ 4,205,362

Property Taxes are a main source of revenue for cities. A city's ability to increase property taxes was restricted to one percent (1%) by the passage of Initiative 747 in 2002. Now, unless a city experiences significant new construction, property tax revenue grows very slowly. Assessed valuations have increased 9% between 2014 and 2019. However, 2018 saw a 1% reduction of the valuations, and 2019 valuations have not recovered to the 2017 level. The projected levied amount also went down with an increase in tax-exempt properties. The taxes are currently being split 50/50 between the Current Expense Fund and the Street Fund. For 2019, Council voted to impose the statutory 1% increase of approximately \$10,271. The levy per thousand dollars of property value is approximately \$2.25. The following charts show the assessed valuations and the property taxes levied within the City.

PROPERTY TAX ASSESSMENTS ASSESSED VALUATION

YEAR	2014	2015	2016	2017	2018	2019
ASSESSED VALUE	409,247,292	422,217,362	443,109,068	454,029,707	449,125,400	450,653,094
TAXES LEVIED	\$902,792	\$920,388	\$937,502	\$997,053	\$1,023,449	\$1,014,507

Sales Tax revenue accounts for about 47% of the Current Expense Fund revenue. Sales tax has been slowly increasing over the past five years; however it is largely dependent on a few major retailers in the City. With the recent closure of a large retailer, the revenues may trend lower, and the chart reflects this projection.

SALES TAX

YEAR	2014	2015	2016	2017	2018	2019
SALE TAX	\$1,618,855	\$1,640,315	\$1,738,307	\$1,785,656	\$1,866,419	\$1,750,000

Other Tax Revenue includes business taxes, such as utility taxes on communications and other utilities, and gambling taxes. The decline for 2017 is due in part to council's decision to reduce card room taxes from 6% to 4%, and there has been decreased revenue from communications taxes. Overall, Other Tax Revenue is projected in 2019 to have decreased by 7% since 2014.

OTHER TAXES

YEAR	2014	2015	2016	2017	2018	2019
TAXES	\$888,534	\$883,958	\$874,914	\$868,171	\$838,965	\$822,600

Licenses and Permits include building permits, business licenses, dog licenses and franchise fees for cable TV. Building permits are the most variable component in this category. The spike in 2018 revenue was from 2 major building projects (assisted living center remodel and new hotel construction.) The 2019 projection adjusted the revenue back to historical levels.

LICENSES & PERMITS

YEAR	2014	2015	2016	2017	2018	2019
REVENUE	\$158,713	\$139,035	\$163,581	\$165,210	\$298,498	\$150,000

State Entitlements include criminal justice funding and liquor taxes. The state enacted City-County Assistance legislation to help offset the lost revenue when vehicle license tabs were reduced several years ago. It is the intent of the legislature that this will be a permanent funding source. However, funding is limited to Real Estate Excise Taxes which reflects the current economic state. The 2012-2014 State budget included a permanent reduction of liquor taxes from the portion provide to the City. The State continues to modify the revenue from marijuana taxes, reducing the amount that is funded to the cites. The 2019 projection reflects this decrease.

Intergovernmental Service Revenues are derived from various sources, such as the school resource officer contract with the Clarkston School District. Grants are also included in this chart. There has been a significant reduction in the reimbursement for the Drug Task Force officer. For 2016, this included the grant for the new brush truck and the fire department exhaust system. There are no significant grants in the 2019 budget.

STATE ENTITLEMENTS & GRANTS

YEAR	2014	2015	2016	2017	2018	2019
REVENUE	\$419,885	\$317,880	\$561,745	\$332,577	\$356,403	\$261,500

Court Revenue is a result of fines from misdemeanor crimes and infractions. The City contracts with Asotin County for court services. We have little control over the assessment or collection of fines. While not reflected in this chart, the new court agreement means that the City will be paying more to process citations than we will receive from our share of the fines. We receive the balance after the state portions are paid and Asotin County is paid for processing the citations. Court costs have been steadily increasing while revenue has been decreasing. Costs in 2018 were \$14,947 more than revenue.

COURT REVENUE VS. COSTS

YEAR	2014	2015	2016	2017	2018	2019
REVENUE	\$78,857	\$81,175	\$72,070	\$59,773	\$63,772	\$55,000
COSTS	\$25,062	\$69,615	\$77,430	\$74,700	\$78,719	\$80,000

Interest Earnings remain very low although there has been an increase in rates recently. The State Investment Pool has risen to 2.49% at the end of January, up from 1% a year ago. Investments have been diversified in an attempt to maximize interest earnings. The earnings for 2015 are due to a gain on an investment purchase. While 2016 interest earnings were lower, revenues have been increasing. Considering the volatility of the investment market, projections have been set at conservative levels for 2019.

INTEREST EARNINGS

YEAR	2014	2015	2016	2017	2018	2019
REVENUE	\$5,045	\$14,251	\$4,475	\$10,708	\$23,282	\$5,000

EXPENDITURES

The Current Expense Fund is divided into departments for expenditure purposes. Departments include Legislative, Judicial, Finance, Police, Fire, Building & Planning and Parks, but not Ambulance, Sewer, Sanitation or Stormwater. Each department's budget is divided into categories: salaries, benefits, supplies, services and capital outlay.

This table shows authorized staffing levels for a six-year period. Employees in the Finance and Building Departments are split between Current Expense, Streets, Sewer, Sanitation and Stormwater. In late 2012 two new firefighters were retained (maintaining 12 personnel) after a staffing grant ended. Two positions became vacant in August 2016 until 2017 when the City and Fire Union signed a Memorandum of Understanding. The 2018 budget increase is reflected to show 11 full-time personnel in the department, with the twelfth position filled by reserves. The 2019 budget reflects 12 full-time personnel for the department.

All employees with the exception of management staff are covered by collective bargaining agreements. Salary increases are based on the terms of the individual bargaining agreements. All contracts were settled in 2016. The Fire contract ended in 2018. Police and Public Works are in effect through 2019. All employees moved to a new insurance plan at the beginning of 2018. Employees contribute a minimum of 10% of the premium. The following charts show salaries and benefits for current expense employees for the same six-year period.

Urban projects must be attributable to congestion caused by economic development or growth. They must be consistent with state, regional and local selection processes.
